

## MiCM GitHub Workshop Registration Survey

### Requirements:

- GitHub Account
- GitHub Desktop App
- Any Text editor (e.g: Notepad, vim, any IDE, VScode etc.)
- (Optional) prior knowledge of UNIX and using the command line

### Survey Questions:

- Do you have a text editor or IDE that you are comfortable with using to edit code scripts or text files?
- How much experience do you have with UNIX and the command line? (1 being none, 5 being expert) This is **NOT** a required skill to attain all the workshop objectives.
- What do you expect to learn from this workshop?
